

# Pipe Flashings for Metal Square Pyramid Base

## Designed to waterproof roof penetrations through metal roof panels

Round base universal pipe flashing designed with sleeve flexibility to absorb vibration and pipe movement caused by expansion/contraction while sealing out unwanted elements. Easy on-site customization can accommodate virtually all installations. Available in standard EPDM and silicone high temperature models for extreme temperature applications.

- Superior sleeve flexibility and vibration resistant.
- Adaptable base designed to mold to most panel configurations and roof pitch regardless of pipe location.
- Aluminum base ring for easy molding and fastener stability.
- 20 Year limited warranty and superior weatherability.
- UPC Code approval, IAMPO & CSA listing.
- Easy to read size cut markings.

Standard (Square Base) Master Flash®

## Specifications

### Performance Temperature Range

Standard EPDM flashings -65 deg F to 212 deg F

High Temp Silicone flashings -100 deg F to 437 deg F

Adv Ozone Resistance Testing: 70 hr @ 500pphm

100% Made in North America,

Buy American Plan Compliant.

## Selection

GRAY EPDM / BLACK EPDM

	Size	Fits Pipes	Base	Qty/Box	Part# / Part#
#1	0.25"- 2.75"	4.5" x 4.5"	15	DML1GS DML1BS
