

# Power Pro Star Drive Construction Lag Screw

A high performance alternative to standard lag screws and bolts, carriage bots or 40D ring shanked nail.

Ideal for single and multi-ply truss, column, head and joist applications. These structural wood fasteners are perfect for your next outdoor project. Common applications include columns, headers, joists, trusses, purlins to roof, engineered lumber, deck framing, stairs, stair stringers and play sets.

### Features:

- Star Drive virtually eliminates cam-out for smooth, effortless drive
- Cross-cut threads that virtually eliminate wood splitting
- 1000 hour bronze/brown ceramic coat for superior rust protection
- No pre-drill required

## Specifications

- Carbon Steel Construction
- 1000 hr B117 Tested Ceramic Coating
- Truss Head, T-30 Star Drive
- TP-17 Point
- Country of Origin:

Southern Yellow Pine Pullout 1-1/2" Min Pen
