

The Bullet California Boot

The Bullet California Boot is a taller version of the original Bullet Boot flashing with a wider flange base. They are designed to be an aesthetically pleasing and environmentally responsible alternative to old style toxic lead pipe boot flashings for single roofing pipe penetrations.

Features & Benefits:

- Fast Installation, no painting needed.
- Colored throughout to complement shingle colors.
- 100% UV protected flexible TPE construction.
- Non Staining and adapts to almost any roof pitch.
- Very affordable with a 35 year manufacturers warranty.
- Covers the pipe inside and out and includes built in pest screen
- Adaptable to multiple roof pitches
- Made in the U.S.A.

Direct Metals, Inc. has worked diligently to set up a distribution network including over 1500 wholesale roofing supply locations, building products distributors, and OEM Manufacturers. As DMI is not set up for one time purchases or direct to market sales to building owners, builders, contractors, installers or end users we rely on this network to bring our products to market. Direct Metals, Inc. sells materials directly to our registered distributor network. We do not offer direct sales however we can assist you in finding the right product and your closest distributor.

Where do I buy?

To find a distributor of the products in this catalog please call 239-599-8527 or email orders@directmetalsinc.com with the Subject help me find a distributor of your Bullet products and an associate will be happy to assist you.
