DEK-CAP

DEK-CAP STANDING SEAM ROOF END CAP FLASHING

Applications include skylight, cupola and ridge ends Flexible, corrosion resistant aluminum fastening flange.

conforms to the majority of standing seam roof panels. This product is useful in waterproofing seam terminations on standing seam metal roofing panels at skylights, cupolas or off rigevents. Although designed for standing seam snaplock and mechanically seamed panels it also performs the same function on PBR Panel and other commercial metal roofing panel profiles. (Also referred to as PRB End Cap Flashing) This product has a 20 year warranty. SM7108 Permathane Sealant and stainless steel fasteners are suggested in the installation of the DEKCAP.

APPLICATIONS INCLUDE:

Application include skylight, cupola and ridge-ends
